

Program Overview

Gateway Landing is a twelve month, faith based, Christ centered, residential, nonsmoking, mentoring program for men with life controlling issues such as drugs and alcohol.

- We believe that we can strengthen our families and communities by first addressing the spiritual deficiencies of men. Philippians 2:3-4
- We believe that substance abuse is only a symptom of the real underlying causes of destructive, illegal and immoral behaviors.
- We believe that the aforesaid behaviors include, but are not limited to: lust, pride, anger, selfishness and arrogance.
- We believe that the removal of these behaviors is only fifty percent of the healing process.
- We believe that that the removal must be followed by replacing the wrong with the right and replacing the dark with the light and obedience to the teachings of Jesus Christ. Isaiah 42:16
- We believe that when love, joy, peace, patience, gentleness, goodness, kindness, self-control and faith are added, healing begins. Galatians 5:22

There is a onetime fee of \$750.00 for entering the program. This fee will not sustain a man for a year. In order to develop a work ethic and vocational skills men are provided opportunities for work. Eighty percent of his earnings will go toward maintaining the program, 10% to tithes, and 10% will be saved in an account and made available to him upon meeting the graduation requirements of the program. We are seeking sponsors for men accepted in the program without the onetime fee. Donations for these men are needed.
